SUBJECT { GENERAL Administrative
 { SPECIFIC Representation Allowance Expenditures

1. Dispatch No. _____, dated _____, transmitted a new Letter of Authorization and provided instructions regarding the type of accounting to be submitted in support of your monthly Representation Allowance claims.

2. The authorities in the new Letter of Authorization were provided in recognition of the heavy financial burden falling upon certain of our senior field personnel whose duties require them to maintain extensive liaison with special officials upon whom we depend for assistance and support.

3. In order that we may be aware of the type and degree of liaison requiring the use of this special authority, it is requested that a listing of those disbursements involving ODYOKE officials only, be forwarded to me quarterly under a RYBAT indicator. This listing should provide the date and type of each such function, the names of ODYOKE officials present, and the costs which were reimbursed from official funds.
